

TeenWorks
College. Career. Community.

Thank you for being a TeenWorks 360 Mentor! Our students are excited to connect with you throughout the school year for our pilot 360 Mentoring program. Below you will find information about our mentor's responsibilities. Please do not hesitate to contact Michael James with any questions at mjames@teenworks.org or 317.430.9495.

Mentees pursuing our scholarships are required to attend the following events:

- Most 360 Socials;
- Most 360 Community Service events;
- Most Lunch table discussions at their own school;

Our hope and expectation is that you will also attend the 360 socials and community service events as often as your schedule allows.

As a mentor, we would like to count on you to:

- Touch base with each of your mentees 4 times per month, including 360 Socials. The other 3 connections could include community service outings, phone calls, or any other additional 1-on-1 outings;
- Organize occasional 1-on-1 outings with each student (provided stipend could pay for these);
- Communicate with parents of mentees once per month via phone or email;
- Communicate via email with Michael James for **very BRIEF** monthly status updates;
- If needed, offer to provide transportation for your mentees to the 360 socials; and
- Connect with each mentee guidance counselor by phone or email once to introduce yourself and follow-up as necessary

Benefits of being a mentor:

- Reimbursement of mileage
- \$25 stipend per mentee per month (\$100 total for 4 mentees)
- SWAG (free t-shirts, wristbands, meals, etc.)
- Personal connection with students who need a positive influence
